RULES

SATURDAY

Round 1 – Alternate Shot

- Your team of 4 will need to pair each “A” player with a “B” player (will be done by pro-shop).
- Each player will hit a Tee shot on every hole and you will pick the best drive. The player whose drive is not chosen will hit the second shot and shots will alternate between the two players until the ball is holed.
- Scores from both pairs will count towards your teams final score.

SATURDAY

Round 2 – Scramble

- Each player will hit a tee shot.
- Once the best tee shot is chosen every player on your team will hit from that spot continuing this format until the ball is holed.

Teams will consist of 4 players, 2 “A” players and 2 “B” players. Teams will be made by the clubhouse based on handicaps. We will provide the pairings to everyone Friday night. Saturday rounds only will go towards the teams’ final scores.

Players wanting to play a Friday round should play on arrival, you will not necessarily be playing with a teammate on Friday. All other rounds will be shotgun start. There are no Mulligans, please play each shot only once. No dropping a “mad ball”. Each players’ shot is to be played from the same condition as the chosen shot lies. If the chosen shot is in the sand all players hit from sand, if the chosen shot is in the rough all shots are taken from the rough etc.

There are no GIMMEE putts and bogey is not your friend.

Play each hole until the ball is holed, all strokes count.

Long Drive on hole no. 4. Long drive will be counted in the afternoon. Scramble Round only.

Closest to the pin on hole no. 3. This will be done in the afternoon Scramble Round only
